Unclassified

Hi,

Following a request to confirm that land was being cleared to allow trucks from the Freedom trucks convoy to park up near Ottawa. I asked Cst. Alden to check 37 zone for this and he sent the below information and photographs.

I submit this for your information and attention as required.

Steve

Steve,

Pat called. He looked into your request – re: the parking lot off the 417.

It has been fully cleared from snow and can definitely host several trucks (Convoy)

He took several photos, I have included just one.

From Pat: the lot is at the southwest corner of Frank Kenny and Rockdale. Entrance is 120m west of the intersection. The lot goes for about 1km.
